Subject: proposed settlement is unfair to everyone but Microsoft

I do not support the proposed settlement because I do not think it provides sufficient punishment to balance Microsoft's offenses, nor sufficient incentive to prevent them from doing the same in the future. Furthermore, the idea of punishing a monopoly by requiring them to extend their monopoly into the US educational system is incomprehensible.

Further, I believe that Microsoft continues to steal from the citizens of the world and cheats the other businesses/corporations of the world. I believe that Microsoft will stop at nothing short of market domination. Microsoft has caused us enough damage already, let's stop them before it is too late.
